Colt is the information delivery platform, enabling its customers to deliver, share, process and store their vital business information. An established leader in delivering integrated network, data centre, voice and IT services to major organisations, midsize businesses and wholesale customers worldwide.

Colt operates in 28 countries across Europe, Asia and the U.S. with metropolitan area networks in 47 major cities as well as direct fibre connections into more than 21,000 buildings worldwide. Colt own and operate 22 carrier neutral data centres in Europe and manage a further 7 in the Asia-Pacific region.
